

DENTAL MILLING TOOLS for CNC CUTTING

CNC Milling tool for dental prosthesis processing

MSM-Technip provide dental processing tool solutions Made in Korea that meet various customer needs through continuous Research and Development by a leading company in Korea which exports all over the world for Dental prosthetic processing and performance improvement

DENTAL MILLING TOOLS for CNC CUTTING

Application material and used

ZIRCONIA TOOL for IMPLANT CROWN (CERAMIC)

- 1) Self-made diamond nano-coating, excellent processing surface roughness
- 2) Excellent tool line shape optimization, cutting, and chip discharge
- 3) Thick film coating, improving tool life

PMMA TOOL for WAX , PMMA

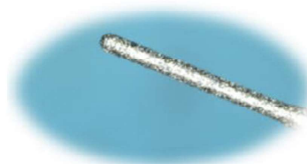

- 1) Optimizing tooling and ball geometry
- 2) Application of ultrafine grade tool
- 3) Improves surface illumination during temporary tooth processing

METAL TOOL for ABUTMENT , FIXTURE

- 1) Apply special blue coating, improve tool life
- 2) Application of ultrafine grade tool
- 3) Tool Shape Optimization Processing Surface Illumination Enhancement

HYBRID TOOL for INLAY

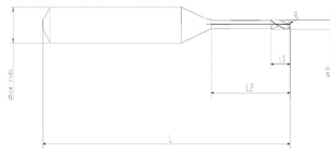

- 1) All type round particle diamond-adopted surface illumination improvement
- 2) Solid carbide base material strength and durability
- 3) Excellent bonding strength between base material and diamond particles

DENTAL MILLING TOOLS for CNC CUTTING

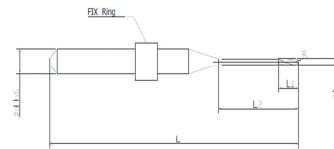

Various CNC equipment companies have various kinds of Dental tools through the system of dental CAD/CAM

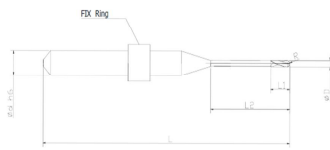

ROLAND TYPE (DWX51D,52D/DWX50,30)

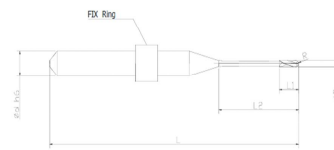

AMMAN GIRRBATCH TYPE /CERAMILL

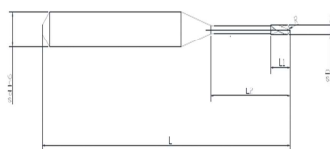

RND TYPE (DS200-5Z,DS200-5ZC2, DM100, DS-4WX)

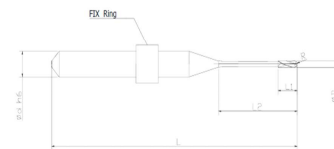

MANIX TYPE (ZX-5SD,5WD/5x, ZX-4SA,MA-4/4x)

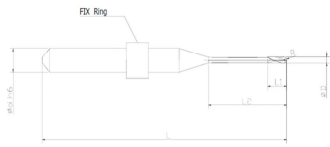

Z-MATCH /CAMELEON , CAMELEON CS TYPE

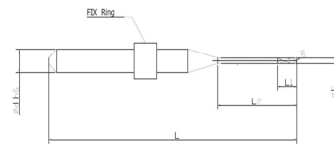

YENA TYPE

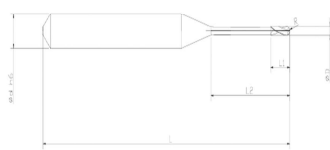

IMES-ICORE TYPE (VATCH 250i,350i, 450i)

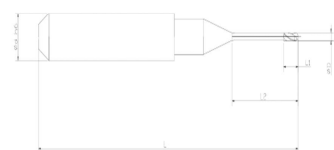

GEMINI 5X TYPE

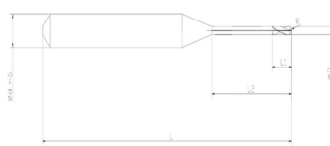

ELBEN TYPE

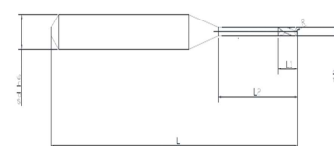

ARUM TYPE (4X/5X-100)

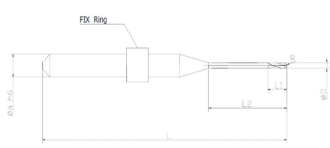

CERACUBE /TRION-Z TYPE

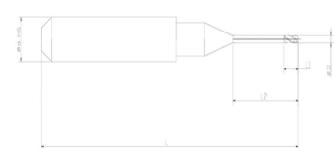

ARUM TYPE (5X-150)

SIRONA TYPE(MC-X5)

ARUM TYPE (5X-200,500L/METAL)

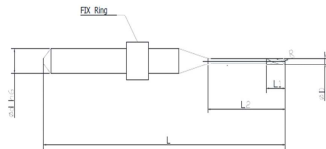

DENTAL MILLING TOOLS for CNC CUTTING

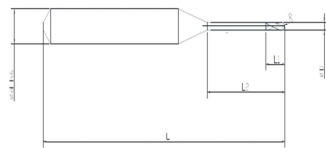

Various CNC equipment companies have various kinds of Dental tools through the system of dental CAD/CAM

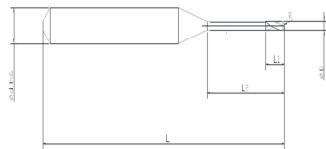

ARUM TYPE (5X-300)

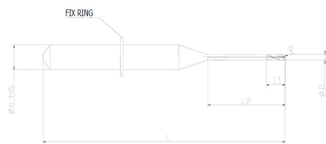

DENTAL PLUS TYPE

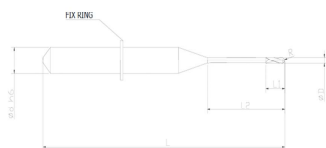

PISTIS TYPE(T01-Z)

VHF -S1 TYPE/VHF-K4/CM

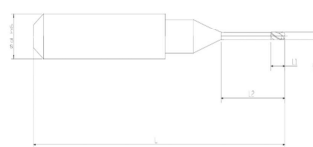

PRECISO TYPE

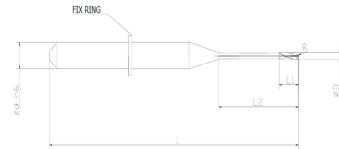

ZIRKONZAHN M1/M4 TYPE

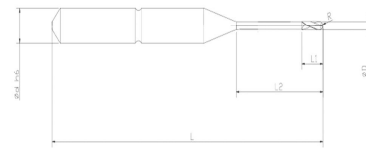

ZIRKONZHAN M5 TYPE

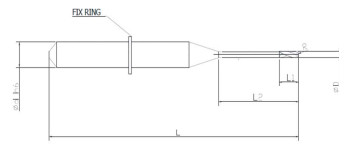

WIELNAD SELECT TYPE/WIELAND MINI TYPE

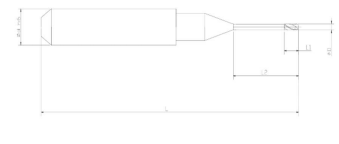

CS MILL 5X TYPE

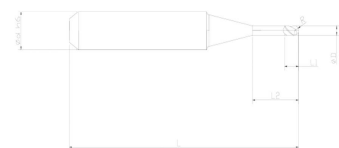

DOF TYPE(CRAFT-5X/SHARP2-5XE)

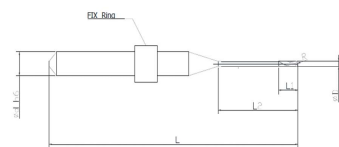

SPINEL 5X/SPINEL MINI TYPE

DENTIUM RAINBOW TYPE

DENTIUM RAINBOW-MILL Zr 2 ND TYPE

DENTIUM RAINBOW-MILL TYPE
